

# Our Team Can Help You Choose an Option Best Suited for Your Needs

## **Initial Medical Consultation**

Every patient begins with a 45-minute medical consultation to identify the most effective peptide strategy based on your goals, symptoms, and biology.

**\$99 fee**

This is not a one-size-fits-all approach. It's precision, individualized medicine designed for real results.

There will also be a phone consultation at the 2-week mark (included) and a reevaluation at the 4-week mark.

The 4-week reevaluation is a 20-minute visit and is \$49.

## **The Glow Stack**

### *Hair, Skin & Nail Rejuvenation*

Designed to restore a youthful, vibrant appearance from within. This protocol stimulates collagen production, improves skin elasticity, and supports stronger hair and nails.

Patients often notice smoother skin, improved hydration, and a healthier overall glow.

**Ideal for:**

Aging skin, fine lines, thinning hair, brittle nails

**\$196/month**

## **The Wolverine Stack**

### *Inflammation & Joint Reboot*

Targets the root cause of chronic pain and delayed recovery—systemic inflammation.

Supports joint health, reduces stiffness, and accelerates tissue repair after workouts, injuries, or surgery.

**Ideal for:**

Joint pain, inflammation, mobility, recovery

**\$196/month**

## **The Warrior Stack**

### *Recovery & Performance Optimization*

Built for individuals who want to recover faster and perform at a higher level.

Supports muscle repair, strengthens connective tissue, and improves physical resilience—helping you train harder and recover smarter.

**Ideal for:**

Athletes, active adults, injury recovery

**\$296/month**

## **Gut-Skin Repair Program**

Many skin conditions begin with inflammation and gut imbalance. This program supports gut healing, microbiome balance and calmer skin.

As gut health improves, patients often see clearer, calmer skin and fewer flare-ups.

**Ideal for:**

Acne, eczema, rosacea, psoriasis, digestive issues

**\$436/month**

## **Post-Viral Energy Repair Stack**

A recovery focused protocol designed to support energy, resilience and overall wellness after an illness.

Supports mitochondrial function and nervous system balance to improve energy, reduce brain fog, and stabilize symptoms like dizziness and rapid heart rate.

**Ideal for:**

Long COVID, chronic fatigue, brain fog, POTS-like symptoms

**\$446/month**

## **Why MWL?**

Dr. Scinta has received a certification in Peptide Therapy from The American Academy of Anti-Aging Medicine and the International Peptide Society.
